

PHILCOB SUZUKI JOSOL

ABOUT ME

Hi I'm Philcob and I'm passionate about HTML, CSS, Javascript, and React JS. I work hard, I care about writing clean code and I genuinely love to learn. I'm currently looking for the right opportunity to work in an environment that will help me progress into a full-stack role.

WORK EXPERIENCE

Web Development Experience

- Built a dynamic full-stack E-Commerce website using MERN stack with implementation of a Paypal checkout gateway system.
- Developed a realtime functional chat web application using React JS and Firebase backend service that allows user authentication with 3rd party accounts like Google, Facebook, etc.
- Developed a lot of web applications that can be viewed and used from any devices. I am very critical with responsiveness and user experience.
- Developed a presentable website using Illustrator to create beautiful SVG background and with my CSS skills, positioning it properly on a website and create a unique stylish designs.
